### Manager's 3rd Quarter Report

Hope everyone had a wonderful summer; it was certainly one to remember with the warm temperatures. With those dry days came the need for water conservation and fortunately with the help of all the consumers in the Everett/Seattle/Tacoma area we were only forced to go into the Stage 2, and the actual cutback in usage was 14%, we asked to cutback 10%. Thanks for your cooperation.

The 2 leaks in the Associations System which the Utility Services found were fixed and hopefully going into the fall and winter we have no problems.

If you have any questions or concerns please call.

Thank you,  
Janelle MacDicken  
Manager
